## It's your choice

You choose as much or as little support as you want

- ask us to produce your payslips

**We can produce your payslips giving you tax and national insurance information for each of your assistants**

- ask us to help manage your money

**Not only can we produce your payslips but we can manage the whole payment process for you including income tax, National Insurance and bank payments**

- worried about anything?

**You can talk through your worries with one of our team and we can also help with budgeting**

- how do I pay?

**You make regular monthly payments into a bank account set up for you – we do the rest!**
